Dear Mr. Terreni:

Subject: Request for Information Relating to the Commission's  
Meeting on March 29<sup>th</sup>, 2006.

Ref: Progress Energy File No: 2004-219-E

Please be advised that this morning, Monday, March 24, 2006 I mailed your Office a copy of my **Memorandum In Support of Objections and Petition for Reconsideration and Rescission of Commission Directive Filed April 4, 2006.**

This afternoon's mail delivery included a copy of Progress Energy's **Proposed Order** in the subject Docket. The cover letter and mailing are dated Tuesday, April 18, 2006, six days ago.

Under separate cover I have filed a **Request for Documents** with Ms. Boyd, and my **Objection** to the said Proposed Order for the record with your Office. That will be followed up with a Supplemental Memorandum on my return from Duke Medical Center later this week. I have an appointment at DUMC tomorrow Tuesday, April 25, 2006. Also, following the surgery on my eyes last Friday, April 21, 2006 at MUSC, I am still not able to use my eyes sufficiently to undertake any sustained serious work.

Meanwhile I respectfully request information from your Office as follows:

1. Please inform me if the Commission's Meeting on March 29<sup>th</sup>, 2006 when it discussed my case, was an Executive Session, or a Public Meeting.
2. Were any representatives of Progress Energy and the ORS present during the March 29<sup>th</sup> Meeting of the Commission when it discussed my case?
3. If so, did they participate in any discussion of the case with the Commission?
4. Did the Commission issue an order or instruction to Progress Energy to file a Proposed Order?"?
5. Under what legal authority has Progress Energy issued a Proposed Order following the March 29<sup>th</sup>, 2006 Meeting?

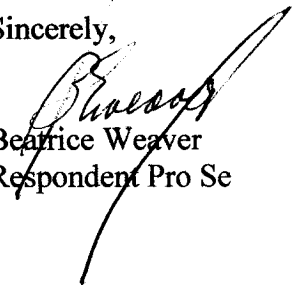

6. Please inform me if Progress Energy had received a copy of my Objections and Motion to reconsider, etc., courtesy of your Office, prior to its filing of its Proposed Order

7. Please ensure that Ms. Boyd is able to transmit to me, copies of any and all ex parte communications by and between the Commissioners, your staff, and Progress Energy, during February, March and April, 2006, as I have requested in my separate letter to Ms. Boyd.

8. **Be advised that by permission of the Commission and/or your Office I shall file a Proposed Order as appropriate following the disposition of my Objections and Motion to Reconsider.**

9. Finally, for the record, for the reasons discussed in the Objections and Motion to Reconsider, I am holding the Petitioner liable and responsible for prolonging the litigation and increasing the costs of litigation unnecessarily

Sincerely,

Bernice Weaver
